

Irish Coaches

"At Irish Coaches our corporate philosophy places the customer at the top of the agenda. From marketing and operations through to product development, we can provide the services our clients require.

Creating a comfortable, safe environment with all the modern features expected by our passengers is key to our success. We are pleased to include the latest film entertainment and TV compilation DVDs to our passengers while they travel with us.

The MPLC Umbrella Licence® gives our company legal access to these DVDs. We are aware of our corporate responsibility to all compliance issues – showing films legally gives an important message to our competitors and to our paying clients. Irish Coaches are a responsible operator and comply with all aspects of the law, from safety features to copyright compliance.

We would encourage all Irish operators to add this Hollywood entertainment benefit to their list of features". *Dónal Hughes, Managing Director, Irish Coaches*
