## About us

Established in 2009 EVM has become one of the most respected and trusted names in the Vehicle Manufacturing and converting industry, manufacturing and converting vehicles such as;

Minibuses, Crew cabs, work and welfare vehicles, Wheelchair accessible vehicles, Ambulance, PTS and rapid response, Library vehicles, Mobile IT, Mobile clinic's, Bespoke van's

We also carry out vehicle adoptions, modifications and outfitting.

We have served thousands of customers both in Ireland and the UK from our 31,000 sq. foot facility which is conveniently located in Kilbeggan, Co. Westmeath, Ireland.

## Our Aim

Our original aim was to offer customers a single point of contact for all their vehicle needs.

This deceptively simple idea has led to rapid growth, allowing us to offer even more than we first planned.

Today, we are developing and delivering conversions, products and services which satisfy the demands of customers in all sectors of the industry from urban commuters to inter-city and international operators, haulage to executive travel and airport shuttle services.

## Our Success

Our success is built on our core values of creativity, commitment and enthusiasm, and keeping our customers' desires at the heart of everything we do.

We strive to lead the way through constant innovation and outstanding service, setting new industry standards and making EVM your natural partner for success.
